SCCA HAWAII REGION NEWSLETTER

February 1993

## From the RE's Desk

For all of our members who couldn't make it to Hawaii Raceway Park on Sunday, you missed some of the best racing ever in Hawaii. We had over twenty drivers in three race groups. All of the races were closely contested, but none more so than the Spec Racers. A new local driver, **Lee Jensen**, and **Craig McLaughlin** from California were leading the field and ran the entire last lap side by side. **Craig** managed to gain a slight advantage through the final corner, and crossed the finish line only a fraction of a second before **Lee**. Racing doesn't get any better than that.

Our Saturday driving school was equally successful with all of our students graduating. I

would like to thank everyone involved in our Saturday school and welcome **Joyce Hsieh**, **Scott Schulte**, **Todd Hunter**, **Lee Jensen**, **Mark Weaver**, **Mike Oakland**, **Mike Fox**, and **Billy Whitford** as SCCA race drivers. You all drove very well and I look forward racing with you in future events.

Thanks again to all of the workers who helped with the race and the driver's school, without your help we can't make racing happen. Let's do it again in March.
