RACE CARS FOR SALE!

I received a telephone call from Mike Oakland recently. He wanted to notify the club that he had heard about race car 'opportunities'. Apparently, Albert Ternora, who manages a wrecking yard (auction house) is willing to sell good condition cars to club members at reasonable prices. The cars are stripped or have slight collision damage, but are great starters to build sedan racers. He often has RX-7s, 924s, and Rabbits for sale. Mike reports that he will sell any car (not sold at auction) for \$300.

It is no secret that if our Wheel-To-Wheel racing program is to survive, we need

to have more private cars/owners. We are faced with the possibility that the Spec-Racers will be banned from SCCA-Hawaii competition. This in combination with the Hawaii International Racing School running their own race series, could severely limit the number of participants in our Regional Races.

Racing and car ownership need not be outrageously expensive. And there are always a number of people excited about helping-out in building or preping your car. Come on out, we could use the company on our side of the paddock!
