

Thank You!!!

January 26, 1998

To: All corner marshals and staff members who worked the January 24th SCCA race at Hawaii Raceway Park.

From: The Hawaii Region SCCA Road Race Committee

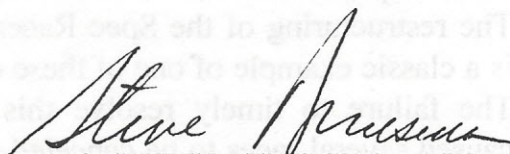

On behalf of all the drivers who competed in our first race of 1998 we want to **thank you** very much for spending the day in the hot sun, not having enough food at lunch (sorry, it won't happen again) and, most importantly, for doing a great job.

Your efficiency in making a tight schedule work, the accurate timing and scoring, and the highly professional manner in which the flags were handled all combined to produce one of our best ever events.

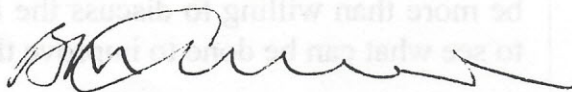

Again, many thanks.
