SCCA HAWAII REGION NEWSLETTER

January 1994

From the RE's Desk

As we start the new year, I want to thank everyone who helped make 1993 a success. Our year ended with money in the treasury and a growing membership.

After a slow start, our Solo program is back on track, and we have seen a steady increase in entrants over the second half of 1993. The Solo driving schools with the Porsche and BMW clubs have not only contributed to the recent growth in the Solo program, but more importantly have created a positive image for the SCCA. The first complete season of our wheel to wheel program was a success. We now have several licensed race workers and almost forty licensed drivers. Getting a new racing program started is a significant achievement, and everyone involved should be very proud. SCCA had a total of twenty competition events in 1993.

What about 1994? I'm very optimistic that our existing programs will grow and prosper, but I also feel that we must be open to new ideas. Some of the exciting new things already planned for 1994 are the revival of our Solo I program, Solo drivers schools with the British Car Club and the Toyota group, and the first ever Mini Grand Prix with the Arthritis Foundation of Hawaii.

My personal goal for 1994 is to get more of you involved in the operation of our club. We need new faces and ideas. If this sounds like a sales pitch, it is. The SCCA needs you. Give me a call. There's a place waiting for you. Happy New Year to all our members!

M.G. Lewis
Regional Executive
Hawaii Region, SCCA

Racing Update

The first wheel to wheel event of 1994 is scheduled for February 5 & 6 at Hawaii Raceway Park. We will be having a Driver's School on Saturday, and a Regional Race on Sunday. The racing should be exciting as several new drivers will be joining the program. The action starts about 8:00 a.m. both days, and all of our members should

consider joining us. Remember, this a nonspectator event and you will be asked to help out. Please call M.G. Lewis at 672-8255 if you plan to attend.

All new drivers who plan to attend the school should make arrangements **well in advance of the event.**

1994 Solo II Schedule

The first Solo of 1994 will be January 16

We finally have a confirmed schedule of Solo II dates for 1994. Please note that some of these dates are **NOT** the second Sunday of the month. We do share the area we use at Barber's Point, and unfortunately there seems to be more competition for the weekend dates this year. The SCCA is very lucky to have the use of the Barber's Point facility,

and we will continue to cooperate in every way with the Navy so that we remain welcome guests.
