SCCA Hawaii,

I have decided not to seek another term as your Regional Executive. I believe strongly that this position requires someone who is highly visible and accessible to the membership. Business interests will force me to spend increasingly longer periods of time on the mainland next year and it would be unfair to the club for me to continue as your leader. This does not mean that I intend to abandon the program. I will continue to serve as your chief steward and work closely with my successor to assure a smooth and orderly transition.

It has been an honor and a privilege to serve as your Regional Executive and I thank everyone who has worked with me to make our region a success.

Sincerely,

M.G. Lewis
