

1450 S. Beretania St.  
C/O Pflueger Acura  
Honolulu, HI 96814

**SCCA**

Style to command the road

Performance to own it

The 200 hp Acura RSX Type-S delivers on the promise to improve on the outgoing Integra in every way. The sophisticated F-VTEC engine is smooth, powerful, and makes some of the best sounds this side of an NSX. I had an opportunity to drive this car on an autocross track at the introduction in San Francisco and a review is on my web page at [www.satoauto.com](http://www.satoauto.com). Check it out and please call me, Colin Sato, at Pflueger Acura 255-1255 for special offers for SCCA members and to arrange a test drive, you won't be disappointed!
