

REview

Aloha!

Because of the interview by KITV at our last event we are going to expect a larger turnout at the July 10th event. There are a number things we have to straighten out.

First, workers assignments must be improved. It has come to my attention a small number of drivers-participants are not pulling their weight. We have decided as of last month no work -no time -no championship points. At the next event there will be a check list of worker assignments on the result board. The worker assignment officer will check off each driver. The officers are simply not willing to work 100% of the time. I beleive it is time for the club members to pitch in and work.

Secondly concerning the van loaned to us by Stevan Ma, someone at the last event thoughtlessly vandalized his van's headlights. This act was stupid and dangerous.

As of the July event car numbers will not be given on request unless the person has purchased a permanent number. All fees must be paid before a registration form will be given.

Moving to Solo I , the Hawaii Raceway Park return road is in bad shape. For those who are interested in the Solo I event please contact me about patching the return road.

If there is any interest in a driving school/Solo II please contact me or Ed Kemper so that we can see how mnay drivers are intereested.

In the meantime buckle up and drive safely.
