SCCA HAWAII REGION NEWSLETTER

July 1994

From the RE's Desk

The biggest story of the month had to be "Track Days 94" sponsored by the JN Automotive Group. A full day of exotic cars, instruction, competition, fine eating and entertainment. So many people in our club helped to make this day a success that I can't name them all. Lindsey Akamu, however, deserves special mention for his efforts in organizing the crew and generally helping to make everything run smoothly. The success of the event proves that everyone deserves a big mahalo for a job well done.

This event was very much a cooperative effort between SCCA, JN Automotive, and the Navy. Ken

Stanford and his crew from JN made our job easy and Marilyn McPoland, our Navy contact, provided everything we asked for. Good things happen when we all work together.

My own personal best memory came at the end of the day when professional driver Doc Bundy gave me what turned out to be the fastest run of the day in the Bugatti. What a way to spend a Sunday!

Track Days 94

Our day began at 8 a.m. with registration and drivers meeting at the showroom of the JN Automotive Group. Lots of heads turned as the caravan of about fifty exotic and not so exotic cars headed down the H1 freeway to Barbers Point NAS for a full day of fun. The morning was filled with instruction followed by an excellent lunch complete with entertainment. The afternoon Solo proved to be exciting and more than a little interesting. When was the last time you saw several Lamborghinis at an autocross?

In a day filled with Lamborghinis, Ferraris, Lotuses, and Maseratis, the hit of the day had to be the \$400,000 Bugatti EB110 that was flown in from the mainland just for this event. And it wasn't just for show; Doc Bundy, professional race driver from Lotus, came along to show us what this fantastic piece of machinery could do. Very impressive!

This was truly a great event filled with memories and everyone I talked to can't wait for "Track Days 95".

Racing Update

Our first wheel to wheel spectator race will be held August 27-28 at Hawaii Raceway Park. Saturday will be a Driver's School.

This will be the first SCCA spectator race in about thirty years, and its shaping up to be a very big event. We will be promoting this race heavily in the media, and are expecting a good crowd. If you are a driver interested in running or a worker who wants to be part of this exciting event, please call M.G. Lewis, 672-8255, for more information.

Solo 1

We are still looking for more Solo I drivers so that we can have a school in August. Please call Lindsey Akamu, 595-3595, for more information.
