Roads scholar.

The new Volkswagen Jetta is the first affordable German road car. Which makes it a very smart car to drive. And a very smart car to buy.

So, if you're as smart as we think you are, you'll make an appointment to test-drive a Jetta. And learn about its German engineering. And its German engine. And its big new spaciousness. And its brilliant big performance. And its tiny little price.

The new Jetta. \$7995 .  **It's not a car. It's a Volkswagen.**
