

### Rules Regarding the Use of Barbers Point.

In order to enter the base you must show your drivers license, registration, no fault card and inspection papers at the main gate. You must follow the traffic rules on the base, and you should not go off the most direct route to the track. If you do not obey these rules you can be banned from ever entering the base again, and you could cause the loss of SCCA's right to use the track.
