

## Hawaiian Electric's Electron Marathon 2000

*(Continued from page 1)*

get them in position for a restart that was a little more acceptable. I believe it was the Army that won the ten lap race. This was a complete turn around from last year's race, where they had trouble finishing even one lap.

I reminded the drivers from the nineteen schools not to do what the military just did on their start. The students paid attention and had a beautiful start. Nineteen cars is more than our usual number of cars we control in a single race and with the short 1/3 mile track, the cars were all over the track. We were expecting fast cars, slow cars, disabled cars and car crashes. We weren't disappointed. We had yellow flags waving from the second minute to the second to the last minute of the race and every minute in between. We had dying batteries, parts falling off, flat tires, blown fuses and who knows what else. Credit the students keeping

the cars on the track though, only they were allowed to fix the cars. Congratulations to West Hawaii Preparatory Academy for their fine win.

I would like to thank all the volunteers that came out to help on Saturday. I have to say, of all the Electron Marathons we did, this was the best job we did in making a safe and fun race. Thanks to Wesley Aihara, Robert Bickley, Jack Evans, Keith Greer, Laureen Halemano, David Heard, Ed Kemper, Curtis and Jennifer Lee, Gerald Luke, Alicia May, Mark and Joyce Murray, Harvey Okamura, Colin and Franceen Sato, Paul Schwartx, Richard Shimakukuro, Shaunna and Tim Tabor and Halford Tome. Thanks to the Hawaii Corvette Assn. members Phil and Merle Becker, Jim and Kathy Welker and Bill and Gail Bartenstein for also helping out on the corners.

### Huila Classifieds

(See page 7 for submission guidelines)

For Sale, 1976 Porsche 911S. Complete except for headlight buckets. Good body, garaged since 1984. Great car for start-up racer. \$1,500 obo. 371-3622, gk99@hawaii.rr.com

### The Eighth Annual All British Car Day

The eighth annual All British Car Day will be held on Sunday, May 21, 2000. The location is Kapiolani Park in the parking lot on the corner of Pahi and Monserrat, just mauka of the Waikiki Shell. This is not really a car show as such, but rather an informal gathering of British cars and the people who enjoy them. It is open to all British cars of any condition and any vintage.

Last year we had over 50 cars and are hoping to double that number this year. There is a nominal entry fee of \$5 per car, but people are free. If you own a British car, please bring it, if you don't, just come to look. There is plenty of free parking for non-British cars in the adjacent Waikiki shell parking lot. For further info, call Harvey Henderson at 545-3030 days or 395-4514 evenings.
