CORRECTIONS

Last month's HUILA had an article incorrectly stating that DEXTER LUM would be the Chief Scrutineer for all events. We would like to correct that by saying that he will be for Solo I events but that Tech Inspections for Solo II will still be headed up by LARRY ANDERSON.

TECHNOTES

Since we've received complaints about car noise from the base residents and all cars are required to use mufflers, those without will no longer pass tech and won't be allowed to race.

PIT SPEED LIMIT 5 MPH!

We will be calculating winning times based on the single fastest lap with the next fastest serving as a tie-breakers.
