

Solo II Talk

Robert Igarashi (CSP) VW GTI

Whew! Sunday was another scorcher! The morning was hot and muggy, but later in the day, it cooled down and the winds returned to our benefit. Luckily, it didn't rain—although it seemed as if it was going to. The track was a rather long course. There was a straight away leading into a slalom, this caused you to think fast, but not drive too fast. The track also had a few sweeping turns, a hairpin turn and of course our traditional ess ending.

We had 4 novices at the races this month. The racer who took 'best novice', was **Vera Panow** in her B-Stock Mazda Miata with a time of 90.690. Congratulations also go out to **Jeremy Ferreira**, **Arturo Suga** and **Sheldon Dahang** for their valiant efforts. With school back in session, we welcomed back the Castle High School Project car. Along with the project leader **Kevin Ham**, **Jessie Gomes** and **Jeremy Ferreira** were the drivers who competed in the F-Prepared Datsun 240Z. As always, there was a tight competition for first place in CSP. **Robert Igarashi** pulled out his famous 'cat out of the hat' trick with a spectacular time of 75.916. Right behind Robert was **Dean Kawasaki** in his newly recovered Toyota Corolla (with a couple parts still missing). Our visitors from California all shared a GS Ford Mustang. **Manny Pretti** came out on top with a 85.912 followed by **Don McWilliam** and **Lynn An-**

derson. Fastest Time of the Day went to **Paul Schwartz** in Steven Lee's Reynard with a time of 70.177.

Thanks go out to all those who supported the club by purchasing drinks and snacks from our fundraising campaign. We sold out, and will probably bring more as the demand increases. As you all know, we are trying to raise money to buy a new tent for the registration booth. If you have any suggestions on what you would like us to add to the menu, please let us know by contacting either Amy or Jennifer Lee. You can most likely find us in the timing booth or by our cars. As another reminder, we are still looking for a Class 2 or 3 tow hitch for the Ford van. Please notify Lindsey Akamu if you have one. Thanks again, and remember to bring a friend next time so they can have fun racing too. ; -). See you at the races!
