Fs)	FORD MUSTANG	PATI PARK	108.0%	36

\* includes penalty for hitting cone

#### NOTICES

The next General Membership meeting will be held on November 9th at Frank & Nick's Sports Restaurant. This is our big annual meeting and it is important that you attend. Elections of next year's club officers will be held and the Solo II final event and Championship run-off will be discussed. Parking is validated. (Discovery Bay parking lot) Meeting time is 7:50pm.

Those interested in a Solo I event for November should call Peter Chung (988-7888) as soon as is possible.

REACT international, the high-way CB help organization, has just announced a national campaign to encourage the use of safety belts and child safety seats. Research has indicated that half of the fatalities could be eliminated if people would use the belts already installed in their cars. You all wear your belts when you're out racing. What's your excuse for not wearing them on the way home from the track? Bullshit! Make seat belt use part of your driving habits.

HAWAII REGION - 1982 TOLO II CHAR TUNSHIP SERIES
