## From the RE's Desk

What a fantastic event! A crowd of over 1500 was on hand to see some really great racing at our annual spectator race. Competition was close and the winning drivers were cheered as they accepted the traditional trophies and champagne on the podium after each race. The smooth operation of the race allowed for over two hours of non-stop activity which held the crowd till the end of the race day. Everyone should be very proud of a job well done. This type of event is so important because it greatly increases the club's visibility. I'd also like to add a special thanks to **Windward Ford, Jiffy Lube, Buy and Sell Classifieds, Art's Electronics, Pacific Performance Parts, and Steven Lee**

**Designs** for helping us make this event happen.

It's October again and time for the gathering of the faithful at Mid Ohio Raceway for the SCCA National Championship races. This is without a doubt the best amateur road racing available anywhere and I am indeed fortunate to have the opportunity to serve as steward. I'm off to Ohio and will remain on the mainland for about six (6) weeks. See you all the November race.

## Autocross in 1996 Aloha State Games

The Sports Car Club of America (SCCA) Hawaii Region in conjunction with the Aloha State Games will be sponsoring Autocross for the 1996 Aloha State Games.

The Aloha State Games have approximately 40 sporting events that are sponsored by the Aloha Charities in June of each year. Sporting events include everything from badminton to track and field. Special awards given to the winners of all the games. There are also other special prizes and entertainment associated with the event.

The autocross event will be held on Sunday, 9 June 1996, at Barbers Point Naval Air Station. All applicable SCCA safety rules, classifications, and inspections will be applied.

There are, however, a couple of major differences.

First, drivers should pre-register for the event, and the cost is \$20.00. Every driver will receive an Aloha State Games T-shirt. If you do not pre-register then the cost will be \$30.00 and you will **NOT** win any ribbons for placing or receive a T-shirt. Also, novices will be grouped together. Finally, winning ribbons will be given at the end of the day in each class for the top three places.

We will include the application in our newsletter as soon as it is published by Aloha State Games. The application will also be available in the Aloha State Games pamphlet.

SCCA will keep you posted about any further details.

## Elections

As 1995 draws to a close, it will soon be time for us to elect new club officers. Remember, a willingness to serve is the most important qualification and you need not be an expert. Our club will remain strong only as long as the

members continue to support it. I encourage everyone to consider taking a more active role by becoming a club officer. If you are interested or would like to nominate someone, please contact Ed Kemper 524-0330, or M.G. Lewis 672-8455
