SCCA HAWAII REGION NEWSLETTER

September 1993

## From the RE's Desk

The Arthritis Foundation of Hawaii is planning a Mini Grand Prix at the Aloha Stadium for January of 1994. They have asked our club to be the sanctioning body and to operate the race for them. Mini Grand Prix races will be run with go-karts. This is a very exciting opportunity for us to use our skills to help a worthy charity. You'll be hearing more about this as the plans firm up.

I recently attended the SoPac Roundtable in San Diego. The Roundtable is where the regions of our division in SCCA get together to share new ideas, mutual concerns, future plans, and just generally get to know each other. It was an excellent chance for us to discuss the needs of our region with the divisional administrators and national staff. Pete Wimberly joined me and together we tried to take in everything the Roundtable had to offer. Some of the topics covered included

scheduling, taxes, new flagging procedures, and workers concerns in dealing with aids. The experience was very worthwhile and it was very clear that the regions in our division are working together to make SCCA the that it can be.

As many of you know, some problems have arisen between the SCCA and Hawaii International Racing School. These are important in that they may change some aspects of how we operate our races at Hawaii Raceway Park. I'm hoping that these issues will be resolved before our next race, and I'll update everyone on the situation in the next newsletter.

### Awards Banquet

A great time was had by all who attended the Solo Awards Banquet which was held recently at the Elephant & Castle Restaurant. The food was excellent, and the conversation stimulating. For those of you who won awards but missed the banquet, you can pick them up at the September Solo.
