

SOLO II
will be held at
BARBERS POINT NAS
September 13, 1998

We will be allowed on base for our event. The increased security on base means you will be asked for identification, registration and insurance.

A list of all members and participants from the last couple of months will be submitted to security. If you have not participated recently and wish to, please contact me so I can get your name on the list.

If you have any questions, please give me a call.
